Jennifer Stevens

I can talk later but not during the show.

Not right now. Maybe this evening after dinner

Hey question would u be interested in being the president? Debbie and i talk while here but it takes all day to have conversations. I would have to discuss it more with Debbie and some previous presidents and our attorney to figure out the logistics. Before i do all that though i would want to know if your interested.

this is just an "off the top of my head" idea. I don't have the authority to just hand it over to her. I would have to talk to the board and previous presidents to get their buy in.

Oops to you.

It will have to be when i leave here. I barely get sentences with Debbie
